Program Description PS3014 - Program Narrative

G. Additional TEA Program Requirements

1. Stipend Recipient Recruitment: Describe the plan to recruit Education and Training teachers and field site teachers who are interested and eligible in participating in the program and receiving stipends. The plan must include strategies to equitably recruit diverse individuals and identify individuals with potential criteria including a demonstrated track record of success and/or achievement, involvement in student organizations and/or school activities, strong evaluation ratings, and strong relationships with students.

The mentor teachers will receive a stipend as well as the program director who will oversee the coordination with the university and district. The student will receive the equivalent of a para salary while employed and progressing within the degree plan.

2. Program Implementation Support: Describe the types of support that will be provided to Education and Training teacher stipend recipients to ensure successful implementation of the curriculum and program. The definition of successful programming should align with the major goals/objectives of the program.

In the program, teacher candidates are paired with an experienced, highly effective mentor teacher for a full-year of clinical training/co-teaching and providing in class supports for students in a K-12 classroom. The HR department will assist with tuition, plans, and certification issues. C&I will assist with planning, tutoring and methodology.
